MEMORANDUM FOR: DDI Planning Officer

**SUBJECT : FY 1973 Production Data for the
Directorate Annual Report**

**REFERENCE : My memo dated 16 August 1973,
same Subject**

Please substitute the following for paragraph 2.a. (2) on page 2 of reference:

"(2) Indications of customer satisfaction may often be more implicit than explicit. Formal testimonials are infrequent, sometimes because the contribution of geographic intelligence is blurred by other data which are more directly a factor in dealing with the issue. The feedback we do get is clear and positive. We continue to solicit response where feasible and to take guidance from less direct forms of feedback -- requests for additional studies, requests for additional copies, and verbatim use of our material in publications of other Offices and Agencies."
